## VETS COMPETITIONS CONDITIONS OF PLAY

### 4BBB Stableford

Two players play as partners although the hole is played by each of them, using their individual full handicaps. At the conclusion of the hole, that player recording the highest number of stableford points has his/her score entered on the card.

### AMBROSE- (2 person or 4 Person)

The Rules of Golf, as published by the R&A, and the Local Rules of the Bargara Golf Club shall govern the competition, except for the following Procedure:

Each member of the team may hit a tee shot at every hole. The team then selects one of the tee shots from which to play. All members of the team may then hit from that position. This procedure is repeated for each shot until the ball is holed.

**Tee Shots:** Unless an alteration is officially notified before tee off time, each member's tee shot must be used at least three times per eighteen hole round. **The scorer must record on the scorecard which player's tee shot was used at each hole immediately on completion of that hole.**

**Selected Shot:** The position of the selected shot shall be marked. Each team member may then place their ball within one club length of the marked position, no nearer the hole and play from that position. The owner of the selected shot may also place the ball within one club length of that position after marking. If the selected shot is on the fairway, the fringe of the green or in a water hazard, bunker or rough (intermediate or regular) all balls must be placed within one club length of the selected shot, no nearer the hole, and must remain in the same afore-mentioned condition as the selected shot. In a sand bunker, the sand may be raked smooth prior to any ball being dropped.

**Putting Green:** The position of the selected ball is marked. Other team members may then place their ball within one putter head length of the marker, no nearer the hole and play from that position. Once a ball is holed, all play on that hole is finished.

**Standing behind Player:** Team members may stand behind the player making a stroke.

**Scorecard:** The scorecard must show each team member's handicap. The card must be signed by the marker and countersigned by one other team member.

**Handicaps:** 2 Ball Ambrose—1/4 of combined handicap  
3 Ball Ambrose—1/6 of combined handicap  
4 Ball Ambrose—1/8 of combined handicap

## GROUP BB SPLIT 6 STABLEFORD

Each player plays a single stableford and scoring will be calculated at time of scanning. This is a Stableford competition for 3 or 4 player teams.

For holes 1-6, only the best individual score for each hole counts.

For holes 7-12 the best 2 individual scores are added together to make a team score.

For holes 13-18 the best 3 individual scores are added together to make a team score
